EDUCATION

Henley Business School — University of Reading

MSc Finance and Financial Technology — *Distinction*

Sep 2025 – Sep 2026
Reading, United Kingdom

- **Relevant Coursework:** Investments, Digital Banking & Payment Systems, Machine Learning, Artificial Intelligence and Big Data in Finance

Kwame Nkrumah University of Science and Technology (KNUST)

BSc Land Economy

Jan 2021 – Nov 2024

- **Relevant Coursework:** Financial Mathematics, Real Estate Finance, Accounting, Statistics, Valuation, Taxation

EXPERIENCE

Achieve by Petra

Junior Product Manager

Nov 2024 – Sep 2025

- Owned data-informed product roadmap for Achieve Money, using SQL and Python to extract customer behavior insights and prioritize features based on business value metrics
- Built automated reporting dashboards tracking customer satisfaction (improved from 60% to 90%) and product adoption, presenting findings to non-technical stakeholders and senior leadership
- Managed end-to-end data requirements in Agile sprints, translating business needs into technical specifications for engineering teams and ensuring consistent data documentation
- Collaborated cross-functionally with UX, engineering, and compliance teams to deliver regulatory-compliant product releases on schedule

Valuation and Investments Associates

Real Estate Investment Analyst — Internship

Sep 2023 – Dec 2023

- Developed DCF and credit risk assessment models for residential and commercial portfolios, stress-testing occupancy and discount rate scenarios to evaluate lending viability and default risk
- Analysed historical portfolio performance using SQL and Excel to identify trends in rental yields, vacancy rates, and capital growth, producing structured datasets that informed senior investment and credit committee decisions
- Designed weighted scoring frameworks for vendor and contractor evaluation, ensuring procurement decisions met internal risk and compliance standards
- Maintained clear documentation of valuation assumptions and methodology for audit and regulatory review purposes

PROJECTS

Brexit-Political-Uncertainty-UK-Stock-Market-Analysis | Python, Pandas, NumPy, Matplotlib

Oct 2025- Dec 2025

- Analysed Brexit-related political uncertainty on stock returns and trading volume across 200 UK-listed firms (2016–2020), using panel fixed-effects regression on 5,400 firm-month observations.
- Compared domestic and internationally exposed firms, finding domestically focused firms showed stronger declines in trading volume and higher sensitivity to UK policy uncertainty shocks.
- Built an end-to-end analysis pipeline in Python, developing econometric models, interaction terms, and visualisations to communicate how political uncertainty affects market behaviour.

ESG-Score Prediction Using-Machine Learning Models | Python, SQL, Scikit-learn,

Jan 2026 – April 2026

- Built and compared Logistic Regression and Decision Tree models to automate ESG categorisation across 3,000 firms, evaluating performance, interpretability, and deployment risk before recommending an approach to stakeholders.
- Analysed a 2,000-firm training dataset for class imbalance, missing data, multicollinearity, and leakage, linking data quality issues to potential risks in model reliability.
- Explored how alternative data sources, such as news and other external signals, could enhance ESG scoring, while considering governance and regulatory requirements for practical use.

LEADERSHIP & CO-CURRICULAR

University of Reading — Student Recruitment Office

Student and Recruitment Outreach Ambassador

Sep 2025 – Sep 2026
Reading, United Kingdom

- Represent the university at postgraduate open days and recruitment events, providing prospective students with insights into the MSc Finance and FinTech programme

SKILLS

- **Programming & Tools:** Python, SQL, R, Excel (Advanced), Bloomberg Terminal, Microsoft Office, KNIME
- **Data Science & Finance:** Statistics, Probability, Pandas, Data Visualisation, Portfolio Analysis,
- **Certificates:** Bloomberg Market Concepts (In Progress), KNIME Analytics Level 1
- **Languages:** English (Professional), French (Intermediate)
